Trainee Information System (TIS) Post code (and local post number if known)	LDN/RF4QH/FND/FY2/024 LDN/RF4QH/FND/FY2/038
Placement details	Renal Medicine FY2
Department	Specialist Medicine
Types of work to expect and learning opportunities	Our renal service is provided as part of the Northeast London and Essex Renal Network which allows patients with acute and chronic kidney disease, who are unlikely to require renal replacement therapy, to be managed locally. Patients with complex kidney diseases are managed to dialysis and transplantation with the support of the specialist tertiary centre based in Royal London Hospital. This ensures delivery of services closer to the patient's home.
Where the placement is based	Cornflower B On weekends FY2s will be covering the wards, following up jobs on Electronic Patient Record system and support the medical take.
Clinical Supervisor(s) for the placement	Dr Anila Laurence, Dr Nina Gerdes and Dr Dharshi Wellalage
Main duties of the placement	Mainly based on Cornflower B at Queens Hospital seeing the patients from the medical take. The work will include seeing new admissions, completing ward rounds, and completing the jobs created by that ward round.
Typical working pattern in this place	Shifts include: <ul style="list-style-type: none"> • Normal days • Long days • Weekend shifts • Night Shifts On-calls: Start at 08.00am with handover in Lecture 2, Queen's Hospital – finish with night team at 8.45pm During weekdays FY2's on call will remain on their ward until 5pm. They should cover the wards and following up jobs on Electronic Patient Record system and support the medical take.
Local education provider (LEP)/Employer information	Barking, Havering & Redbridge University NHS Trust. Medical Education - Caroline Curtin, Head of Postgraduate Medical Education. 01708 435000 ext 3852/8220.
