Overview

This area offers a mix of town and city-based practices and rural locations. There are excellent road links from practices to post graduate centres and good railway links for the non-driving Foundation Dentist.

The aim is to provide you with a broad range of experience in well-equipped surgeries with friendly staff. Our study day programmes are linked to your day to day work in the practice and to the Dental Foundation Training Curriculum. You will make the transition from undergraduate to independent practitioner together with a group of your peers and supportive colleagues. We do hope that you will enjoy your time with us and stay on in the East Midlands after the DFT year.

East Midlands rail link information can be found at

Foundation dentists are paid according to the nationally agreed salary in each of the three UK countries involved in this nationally coordinated recruitment process:

- For England and Wales, the exact figure appears in the Statements of Financial Entitlement published periodically by the Departments of Health for England and Wales. For Northern Ireland this is published in the Statement of Dental Remuneration (SDR).
- Please note that the figure published and applicable at the date of application may not be the same as that in force at the time of starting in post.
