	Cambridgeshire & Peterborough	Uday Patel	Cambridge Postgraduate Medical Centre Addenbrooke's Hospital, Hills Road Cambridge CB2 0QQ Clinical skills sessions: Kettering (usual study day is Friday)	1 st September 2022
Geographical spread (towns usually included) Please note -training practices for 2022 have not yet been appointed. Any information given on our website is for guidance only.	<p>The scheme training practices are spread across Cambridgeshire & Peterborough. They cover a wide range of locations and are of differing styles and sizes.</p> <p>Please be aware that the training practices may not always be near the scheme centre and could be outside of the geographical scheme boundary dependent on the practices that are approved. You can see the locations of the current training practices on our interactive map, however, please note these may change for September 2022.</p> <p>https://heeoee.hee.nhs.uk/node/8186</p>			
Local Allocation Process for 2022 (This may be subject to alteration for 2023).	<p>The national ranking is used to allocate prospective Foundation Dentists to the scheme. FDs will be asked to review online information about the Educational Supervisors & their practices. Indications of ranked preference of practices will then be made by the FD and used in the allocation process in national ranking order. The results of the allocation process will be released within 2 weeks of the indications of preference and will need to be formally accepted at that time.</p>			

Overview

The Scheme was first established in the year 2000. Study days are held within Cambridge Postgraduate medical Centre, with up to 6 hands-on skills sessions at Kettering. There are a number of courses delivered virtually.

Our training practices are widespread, located primarily in Cambridgeshire, though you should note that there will be a few practices further afield in Bedfordshire, Hertfordshire or Essex. Many of the scheme Educational Supervisors have a teaching qualification. You will find our Education Supervisors to be passionate about Foundation Training, so they devote a great deal of their time to teaching their new colleague. Their practices provide for rich learning opportunities to help build much needed clinical experience in all the core disciplines.

It is encouraged that FDs not only learn from treating patients, but also learn from the wider team, their peers, colleagues, and study day speakers.

The Scheme's strength is the network of people involved; locally it's our Educational Supervisors, the TPD and Administrators. Together we are there to guide you, support you and be a source of your professional wisdom.

Foundation dentists are paid according to the nationally agreed salary in each of the three UK countries involved in this nationally coordinated recruitment process:

- For England and Wales the exact figure appears in the Statements of Financial Entitlement published periodically by the Departments of Health for England and Wales. For Northern Ireland this is published in the Statement of Dental Remuneration (SDR).
- Please note that the figure published and applicable at the date of application may not be the same as that in force at the time of starting in post.
