

2022 DFT National Recruitment

Deanery/ HEE Local Office	North East and North Cumbria	Deanery/ HEE Local Office website address	https://madeinheene.hee.nhs.uk/dental_training/Foundation	
Scheme Information	Name of Scheme/Area	Name of TPD	Site and usual day for Educational Programme (Day Release)	Start date
	West	Helen Cheney	Bourne House, Mandale Business Park, Belmont, Durham DH1 1TH Usual day - Tuesday	1.9.2022
Geographical spread (towns usually included) Please note -training practices for 2022 have not yet been appointed. Any information given on our website is for guidance only.	<p>The geographical area covered by this scheme principally spreads from North Cumbria to South Durham (including Carlisle, Wigton, West Auckland, Shildon, Coxhoe, Stanley etc).</p> <p>Carlisle has great shops with modern shopping centres and a unique Victorian market and Durham city has charming, cobbled streets to explore and is the home of the renowned university. The vibrant city of Newcastle is accessible from all areas. We are surrounded by National Parks: The Lake District, Northumberland, North York's Moors and Yorkshire Dales. The scenery is unsurpassed and the opportunities for outdoor recreational activities are limitless (rock climbing, fell walking, canoeing, sailing, windsurfing, caving etc).</p> <p>Please note that the above information is for guidance only and the final practice allocation of the scheme will depend on the location of the Educational Supervisors who are appointed following a rigorous approval process in April 2022.</p>			
Local Allocation Process followed in 2020	Following Dental Foundation National Recruitment, successful applicants will be allocated to a Dental Foundation training scheme by Health Education England based on the interview ranking results.			

<p>(This may be subject to alteration for 2022).</p>	<p>The local allocation of successful applicants to individual training practices within our schemes will be achieved using the following process:</p> <ul style="list-style-type: none"> • Information on all training practices will be available on our website from late April 2022 in the form of an interactive scheme map • All allocated applicants will be given access to an online folder which contains information on the scheme Educational Supervisors and practices. • All allocated applicants will be invited to a half day event on Thursday 7 July, 13.30 – 16.30, in Durham where they will have the opportunity to hear a three minute presentation from each Educational Supervisor allocated to their scheme followed by a five minute individual meeting • Applicants will complete an online preference form ranking all the scheme training practices. • All preference forms will then be collated and the Dental Directorate will allocate Foundation Dentists to training practices based on national recruitment ranking. Anyone who does not submit their preferencing will be allocated a Training practice once all submitted preferencing requests have been processed. Notification of pairings will be received by 5pm Friday 15 July.
<p>Overview</p>	<p>Dental Foundation is the most important year of your professional life. It is the year that you will be supported while you learn; your fears smoothed; your ambitions and enthusiasm guided. It is the year when you transform from the dental undergraduate to the confident, capable and skilful professional. Here at Health Education England North East (HEE NE) we understand that you are all different; learn at different speeds and all need different degrees of support. We also know that you need all of this in a warm, fun environment and we pride ourselves about the spirit we have created and fostered in our region. We have a broad range of high quality practices working in very diverse socio-economic areas and 2021 saw us attract dentists in training from around the country. Click here for a short video to learn more about training in the North East.</p> <p>HEE NE is one of the very few postgraduate training centres with its very own dedicated dental and education training facility – Bourne House, near Durham. The training centre is the hub of our dental education programmes for dentists and dental care professionals. Bourne House includes a fully equipped inclusive learning environment with 14 station clinical skills unit and a state-of-the-art wireless simulation suite. The clinical skills unit has the latest equipment such as an operating microscope with multi monitor link. Bourne</p>

House is also the administrative centre for the Dental Foundation Training programme, plus has free car parking. Modifications have been put in place within the Dental Education Centre to ensure it is COVID safe for all staff and visitors which has allowed us to continue to deliver face to face teaching.

This year the study day curriculum has been adapted to blend a rich mixture of scheme based study days with multi-scheme days using the feedback from previous Foundation Dentists to guide our content. We have been privileged to attract high calibre speakers to the North East study days such as Professor Michael Lewis and Professor Paul Redmond. Feedback from Foundation Dentists in programme planning help ensure we deliver programmes to meet your needs within the Dental Foundation curriculum.

During the year we use a highly regarded online case assessment peer learning tool where Foundation Dentists and Educational Supervisors anonymously review cases which provides high value learning for all.

Educational Supervisors recognise the importance of team spirit and work together to make this a reality to ensure no one is left out.

The West scheme wants you! We are looking for a group of enthusiastic, motivated practitioners to join us for a year of fantastic training in a fabulous part of the country. Do you appreciate beautiful surroundings but with excellent links to major cities? We offer a superb opportunity to treat a wide range of patients with a variety of treatment needs, in a real community. The West scheme is where dentistry is fun and you can achieve a good work/life balance. We have friendly, approachable Educational Supervisors with good working relationships between the practices.

What our Foundation Dentists have said about the programme:

“This scheme offers a range of course locations and brilliant study days.”

“Do not hesitate to apply - there are plenty of beautiful places to visit. Fabulous rural locations and practices which must not be overlooked.”

	"I have thoroughly enjoyed my FD year on this scheme, so much so that I have decided to stay! Do not feel isolated; a lot of good nights out and excellent transport links."
--	--

Foundation dentists are paid according to the nationally agreed salary in each of the three UK countries involved in this nationally coordinated recruitment process:

- For England and Wales the exact figure appears in the Statements of Financial Entitlement published periodically by the Departments of Health for England and Wales. For Northern Ireland this is published in the Statement of Dental Remuneration (SDR).
- Please note that the figure published and applicable at the date of application may not be the same as that in force at the time of starting in post.
