

2022 DFT National Recruitment

Deanery/ HEE Local Office	Health Education England North West	Deanery/ HEE Local Office website address	www.nwpgmd.nhs.uk	
Scheme Information	Name of Scheme/Area	Name of TPD	Site and usual day for Educational Programme (Day Release)	Start date
	Cheshire and Merseyside	Anne Budenberg	<p>Study days are normally held on Fridays one of the following centres</p> <p style="text-align: center;">Aintree Hospital Clinical Sciences Centre Longmoor Lane Liverpool L9 7AL</p> <p style="text-align: center;">Whiston Hospital Warrington Road Prescot L35 5DR</p> <p style="text-align: center;">Or</p> <p style="text-align: center;">HEE NW 1st Floor Regatta Place, Brunswick Business Park, Summers Road, Liverpool L3 4BL</p>	1 September 2022

			<p>There are occasions when study days are held on other days, and on occasions at an alternate venue. The venues for 'clinical skills' are located in the Manchester, Liverpool, or Formby area.</p> <p>We do have a modern blended learning approach to our education and some sessions will be hosted on-line through MS TEAMS. At the present time study days are usually held on Fridays but this is not always the case.</p>	
<p>Geographical spread (towns usually included)</p>	<p>Not fixed but generally includes practices within the NHS England Footprint for Cheshire & Merseyside. The geographic area covered by this scheme potentially includes Birkenhead, Chester, Crewe, Handforth, Heswall, Huyton, Liverpool, Macclesfield, Moreton, Neston, Southport, Warrington, Wirral and Chester as well as the surrounding areas. Commuting between these widely contrasting areas is extremely easy with excellent road and public transport links.</p> <p>Please note that the above information is for guidance only and the final practice allocation of the scheme will depend on the location of the Educational Supervisors who are appointed following a rigorous approval process in early 2022.</p>			
<p>Local Allocation Process followed in 2022</p>	<p>The allocation of successful applicants to individual practices in the six schemes within HE North West will be achieved using the following process:</p> <ul style="list-style-type: none"> • FD's will be emailed a list of approved ES's appointed to their scheme. 			

	<p>FD's will be asked to list the practices in order of preference. Matches will then be made by HEENW, based on these preferences, with the highest scoring candidates in the National Recruitment process being given first preference in their choices.</p>
<p>Overview</p>	<p>The ethos of the Cheshire & Merseyside is to encourage and develop a rounded professional, fit for the next stage of independent practice, based on the 4 domains of Dental Foundation Training (DFT). All FDs are supported in any aspect of their DFT year by the Training Programme Director, their Educational Supervisor and the Health Education England North West network.</p> <p>In addition to the professional aspects of the DFT year there is great benefit of socialising with other new graduates and making new friends. The year is wide ranging providing opportunities to network, and evolve professionally throughout the year, meeting a range of people from different areas of the dental profession.</p> <p>Most of the study days are held at:</p> <p style="text-align: center;">Aintree Hospital Clinical Sciences Centre Longmoor Lane Liverpool L9 7AL</p> <p style="text-align: center;">Whiston Hospital Warrington Road Prescot L35 5DR</p> <p style="text-align: center;">Or</p> <p style="text-align: center;">HEE NW 1st Floor Regatta Place, Brunswick Business Park, Summers Road, Liverpool L3 4BL</p>

	<p>The study day programme continues to evolve each year but is planned around the national DFT curriculum.</p> <p>Normally, the year starts with a hands-on study day so you can reintroduce yourself to some common aspects of everyday practice after a summer break. In addition to this, there are hands-on days covering endodontics, dentures, medical emergencies, TMD examinations, direct & indirect restorations and communication skills.</p> <p>The study days complement the rest of the week, when you are working in practice, with a range of speakers including experienced General Dental Practitioners, Specialists and Consultants.</p> <p>The overarching ethos of the FD study days is FD participation, problem solving, and developing the confidence to work within small informal groups.</p> <p>All Health Education England North West FDs are encouraged to consider the MFDS examination in their early years.</p> <p>It's a fun year for everyone.</p>
--	--

Foundation Dentists are paid according to the nationally agreed salary in each of the three UK countries involved in this nationally coordinated recruitment process:

- For England and Wales the exact figure appears in the Statements of Financial Entitlement published periodically by the Departments of Health for England and Wales. For Northern Ireland this is published in the Statement of Dental Remuneration (SDR).
- Please note that the figure published and applicable at the date of application may not be the same as that in force at the time of starting in post.
