

2022 DFT National Recruitment

| | | | | |
|----------------------------------|-------------------------------------|--|---|-------------------|
| Deanery/ HEE Local Office | Health Education England North West | Deanery/ HEE Local Office website address | www.nwpgmd.nhs.uk | |
| Scheme Information | Name of Scheme/Area | Name of TPD | Site and usual day for Educational Programme (Day Release) | Start date |
| | Greater Manchester South | Charles Crawford | <p>Study days are normally held on Thursday at the following centre:</p> <p style="text-align: center;">Wythenshawe Hospital Education and Research Centre South Moor Road Manchester M23 9LT</p> <p>However, there are occasions when study days are held on other days, and on occasions at an alternate venue. The venues for “clinical skills” are located in the Manchester area.</p> <p>We do have a modern blended learning approach to our education and some sessions will be hosted on-line through TEAMS. At the present time study days are usually held on a Thursday but this is not always the case.</p> | 1 September 2022 |

|---|--|--|--|--|
| | | | | |
| Geographical spread (towns usually included) | <p>Not fixed but generally includes practices within the NHS England Footprint for Greater Manchester South.</p> <p>The geographic area covered by this scheme potentially includes Rochdale, Oldham, Tameside, Stockport and Manchester as well as the surrounding areas. Commuting between these widely contrasting areas is extremely easy with excellent road and public transport links.</p> <p>Please note that the above information is for guidance only and the final practice allocation of the scheme will depend on the location of the Educational Supervisors who are appointed following a rigorous approval process in 2022.</p> | | | |
| Local Allocation Process followed in 2022 | <p>The allocation of successful applicants to individual practices in the six schemes within HE North West will be achieved using the following process:</p> <ul style="list-style-type: none"> • FD's will be emailed a list of approved ES's appointed to their scheme. <p>FD's will be asked to list the practices in order of preference. Matches will then be made by HEENW, based on these preferences, with the highest scoring candidates in the National Recruitment process being given first preference in their choices.</p> | | | |
| Overview | <p>The ethos of the Greater Manchester South Scheme is to encourage and develop a rounded professional, fit for the next stage of independent practice, based on the 4 domains of Dental Foundation Training (DFT). All FDs are supported in any aspect of their DFT year by the Training Programme Director, their Educational Supervisor and the Health Education England North West network.</p> <p>In addition to the professional aspects of the DFT year there is great benefit of socialising with other new graduates and making new friends. The year has wide ranging providing opportunities to network, and evolve professionally through the year, meeting a range of people from different areas of the dental profession.</p> | | | |

| | |
|--|--|
| | <p>The study day programme continues to change each year, but is planned around the national DFT curriculum.</p> <p>Normally, the year starts with a hands-on study day so you can reintroduce yourself to some common aspects of everyday practice after a long summer break. In addition to this, there are hands-on days covering endodontics, the use of facebows, TMD examinations, denture duplication and communication skills.</p> <p>The study days complement the rest of the week, when you are working in practice, with a range of speakers; experienced General Dental Practitioners, Specialists and Consultants.</p> <p>The overarching ethos of the FD study days is FD participation, problem solving, and developing the confidence to work within small informal groups.</p> <p>All Health Education England North West FDs are encouraged to consider the MJDF examination in their early years.</p> <p>It's a fun year for everyone.</p> |
|--|--|

Foundation dentists are paid according to the nationally agreed salary in each of the three UK countries involved in this nationally coordinated recruitment process:

- For England and Wales the exact figure appears in the Statements of Financial Entitlement published periodically by the Departments of Health for England and Wales. For Northern Ireland this is published in the Statement of Dental Remuneration (SDR).
- Please note that the figure published and applicable at the date of application may not be the same as that in force at the time of starting in post.
