**Foundation Programme
Individual Placement Descriptor***

Trust	Croydon Health Services NHS Trust
Site	Croydon University Hospital
Trainee Information System (TIS) Post Code (and local post number if known)	LDN/RJ611/001/F1/006
Placement details (i.e. the specialty and sub-specialty)	Renal Medicine (Nephrology)
Department	
Type of work to expect and learning opportunities	This post is a combination of ward work looking after around 30-40 inpatients in a team with 2 SpR's, 2 SHO's and 2 F1's. This post includes on call working.
Where the placement is based	
Clinical supervisor(s) for the placement	Dr Charles Soper/Dr James O'Donnell
Main duties of the placement	Admitting patients on the General Medical take and providing ward cover for evenings, weekends and nights. The majority of ward patients are General Medical patients with a hand of specialist renal patients. All patients are reviewed daily and the team divides the jobs up between them. The Consultants ward rounds are good for teaching. The ward job is very busy and demanding but there are often very sick patients – don't be afraid to get involved – just know when to ask for help. Learning is mostly from on calls.
Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)	Monday – am – see Dr O'Donnell's patients, plus any new ones from the weekend. Monday – pm – Ward round with Dr Soper Tuesday – am – Dr Soper arranges teaching at 8.30am. SHO/SpR led ward round, MDT at 11.00am (where ideally one SHO and one F1 should attend). Dr O'Donnell will see any new ward patients afterwards. Tuesday – pm – Continue ward round and other associated jobs. Wednesday – am – Ward round with physio, OT and Sister at 9.00am and then Dr O'Donnell's ward round at 11.00am. Grand round at lunchtime. Wednesday – pm – Finish ward round, complete other associated jobs. Thursday – am – Dr Soper ward round and at 12pm MDT on Duppas 1. Thursday – pm – as per Thursday am. Friday – am – Usually post take ward round so meet at 8.00am in the AMU doctor's office. See all new admissions with one of the Consultants. Friday – pm – Continue with associated jobs, plan for the weekend and weekend handover meeting in A&E seminar room at 3pm where at least one team member (F1/SHO/SPR) will attend with the list of jobs for the ward cover over the weekend. Sat/Sun – free unless you are on call. On calls Ward cover – usually once a week until around 8.30pm. Pick up bleep from switchboard, take

	<p>requests for reviews from other teams/F1 on call. On weekend ward cover attend the handover meeting at 3pm on Friday to get jobs handed over to you, then work your way through these and take bleeps throughout the day. Long Days Take referrals from A&E & GP's for medicine (separate SHO for elderly care) Handover at 8.30pm in the AMU doctors office to the night team in relation to how many patients are waiting, who is still to be seen by the Consultant and any sick patients that need reviewing or overnight jobs. Nights Start at 8.30pm, handover the bleep and any remaining patients at 8am but then you have to do PTWR. You provide both admissions and ward cover for medicine and there is a separate SHO for elderly care. There is a ward cover F1 until 11pm then it is just yourself and the SpR. The on call rota confirms when you will be on call – generally three or four on calls in a row then a few days off before returning to normal ward work.</p>
<p>Local education provider (LEP) / employer information</p>

Main duties of the placement	
Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)	Rota dependant shifts range from starting times of 8.00am/9.00am/10.00am/1.00pm/3.00pm/4.00pm/8.00pm/10.00pm
Local education provider (LEP) / employer information	<p>Croydon Health Services - here for you</p> <p>Croydon Health Services provide hospital and community services from a number of community and specialist clinics throughout Croydon.</p> <p>These include:</p> <ul style="list-style-type: none"> • Croydon University Hospital (formerly Mayday University Hospital) • Purley War Memorial Hospital • The Sickle Cell and Thalassaemia Centre in Thornton Heath • A minor injuries unit in New Addington <p>The Trust was formed on 1st August 2010 through the integration of Croydon Community Health Services and Mayday Healthcare NHS Trust.</p> <p>Around 4,500 staff provide services for a population of over 340,000 people with a high level of ethnic diversity.</p> <p>A recent public engagement programme called the Patient Revolution led to the development of a new vision and five promises to the people of Croydon.</p> <p>At Croydon Health Services we promise that we are always here for you.</p> <p>We promise everyone in Croydon, whether you are in hospital, in the community or at home, that we will do our best to ensure:</p>

- You feel cared for by helpful and welcoming staff, who respect you as an individual
- You feel in safe hands with highly professional staff who work well together in clean clinics and hospitals
- You feel confident in your treatment from skilled teams of compassionate clinicians who listen to you and keep you informed
- You feel we value your time with convenient appointments, minimal waiting and care closer to home.
- You feel it's getting better all the time as we continue to improve our services

These promises, developed with our patients, carers and staff help us deliver the pledges in the NHS Constitution and our own corporate objectives.

“Here for You”

The post holder is required to carry out his/her role in accordance with the organisation “here for you” promises, standards and behaviours, ensuring that colleagues and the people we serve feel cared for, feel in safe hands, feel confident in their treatment, feel we value their time, and feel that our service continues to improve all the time.

Working in partnership

As one of the few integrated health organisations delivering services in both the hospital and community, we want to remove administrative barriers which can get in the way of efficient and effective care and provide people with healthcare in the right local setting whether that is their home, a community clinic or hospital.

We are committed to continually improving access to employment, facilities and buildings and that our patients, staff, visitors and carers can access clear information on the accessibility of our physical estate as well as clear and accessible information on the services themselves.

Local education provider (LEP) / employer information	<p>Croydon Health Services - here for you Croydon Health Services provide hospital and community services from a number of community and specialist clinics throughout Croydon. These include:</p> <ul style="list-style-type: none"> • Croydon University Hospital (formerly Mayday University Hospital) • Purley War Memorial Hospital • The Sickle Cell and Thalassaemia Centre in Thornton Heath • A minor injuries unit in New Addington <p>The Trust was formed on 1st August 2010 through the integration of Croydon Community Health Services and Mayday Healthcare NHS Trust. Around 4,500 staff provide services for a population of over 340,000 people with a high level of ethnic diversity. A recent public engagement programme called the Patient Revolution led to the development of a new vision and five promises to the people of Croydon.</p>

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

At Croydon Health Services we promise that we are always here for you.

We promise everyone in Croydon, whether you are in hospital, in the community or at home, that we will do our best to ensure:

- You feel cared for by helpful and welcoming staff, who respect you as an individual
- You feel in safe hands with highly professional staff who work well together in clean clinics and hospitals
- You feel confident in your treatment from skilled teams of compassionate clinicians who listen to you and keep you informed
- You feel we value your time with convenient appointments, minimal waiting and care closer to home.
- You feel it's getting better all the time as we continue to improve our services

These promises, developed with our patients, carers and staff help us deliver the pledges in the NHS Constitution and our own corporate objectives.

“Here for You”

The post holder is required to carry out his/her role in accordance with the organisation “here for you” promises, standards and behaviours, ensuring that colleagues and the people we serve feel cared for, feel in safe hands, feel confident in their treatment, feel we value their time, and feel that our service continues to improve all the time.

Working in partnership

As one of the few integrated health organisations delivering services in both the hospital and community, we want to remove administrative barriers which can get in the way of efficient and effective care and provide people with healthcare in the right local setting whether that is their home, a community clinic or hospital.

We are committed to continually improving access to employment, facilities and buildings and that our patients, staff, visitors and carers can access clear information on the accessibility of our physical estate as well as clear and accessible information on the services themselves.

Trainee Information System (TIS) Post Code (and local post number if known)	LDN/RJ611/040/F2/001 LDN/RJ611/040/F2/002 LDN/RJ611/040/F2/003
Placement details (i.e. the specialty and sub-specialty)	Obstetrics & Gynaecology
Department	The Obstetrics & Gynaecology is a busy place with varying roles for the SHO's. There are several Consultants and SpR's however there are no assigned teams but an allocated Clinical Supervisor.
Type of work to expect and learning opportunities	It covers the labour ward, post-natal Learning opportunities, ward, birthing centre, antenatal ward and gynae wards.
Where the placement is based	Gynaecology
Clinical supervisor(s) for the placement	(If information available at this time)
Main duties of the placement	<p>When you are on call your day starts at 8am and finished at 8.30pm. During this time, you do a ward round on the labour ward with the Consultant & SpR three times a day, assist in all C sections and cover labour ward duties. The bulk of the day will be spent in triage which is a mini A&E department for pregnant women and it can be very busy. After 5pm you will have to cover the postnatal ward as well and attend to resolve issues only if bleeped. When covering the post-natal ward, you deal with discharge plans and any other issues around post op/delivery. During this week you also attend the EPAU when bleeped to do so.</p> <p>In this department women at 12 weeks usually attend for scans and it is your job to council for miscarriage and discuss further management. This can be a busy place and emotionally challenging. At the end of your post-natal week you will have to present at the M&M for the neonatal complications of the week and working hours are usually 8am-4pm. During gynae on call you will be expected to take referrals from GP's, clerk patients in A&E, see the ward referrals and cover the wards after 5pm. You are also expected to attend theatre for all emergency gynae cases. The day starts at 8am – 8pm.</p> <p>The week of nights which start at 8pm – 8.30am and on night duty you cover all of the above mentioned.</p> <p>It is advised that you read up on common O&G problems prior to starting and the intranet is a great reference point as there are policies on management</p>

	<p>that relate to the patients you are going to see. This job can be challenging due to its nature, but is also very educational depending on your own interest.</p>
