please contact the relevant trust Post Graduate Centre team.*

F1 - Individual Placement Descriptors

**Foundation Programme
Individual Placement Descriptor***

Trust	East Sussex Healthcare NHS Trust
Site	Conquest Hospital
Trainee Information System (TIS) Post Code (and local post number if known)	KSS/RXC01/007/F1/001 Rotation 1. 19/KSS/RXC01/F1/016, Rotation 2. 19/KSS/RXC01/F1/017, Rotation 3. 19/KSS/RXC01/F1/018
Placement details (i.e. the specialty and sub-specialty)	Cardiology (Cardio-vascular Disease)
Department	Cardiology
Type of work to expect and learning opportunities	<div><div>Teaching Opportunities - Mandatory</div><div>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm Tuesdays (1.00 - 2.00 pm) at Conquest - lunch at 12.30 pm</div><div>Foundation Programme Core Topics: FY1 Tuesdays (1.00 - 2.00 pm) at EDGH (workshop once per month 2.00 - 5.00 pm) FY1 Wednesdays (1.00 - 2.00 pm) at Conquest (workshop once per month)</div><div>Other: Leadership Programme - 4 - 5 half-day courses over the year</div><div><div>MRCP Teaching</div><div>CMT Training Days</div><div></div></div></div>
Where the placement is based	Conquest Hospital
Clinical supervisor(s) for the placement	Dr K Dickinson
Main duties of the placement	Typical working pattern in this post e.g. ward rounds, clinics, theatre sessions Daily/weekly/monthly (if applicable) Daily: Ward round then ward jobs Mon: 7.40 – 18.00 Tues: 7.40 – 17.30 Wed: 7.40 – 17.30 Thurs: 7.40 – 17.30 Fri: 7.40 – 18.30 Sat: Sun:

	<p><i>*On call requirements: 1 in 8 (evening weekday 17.00 – 21.30, weekend 9.00 – 21.30)</i></p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>*as above</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift / On-call rota (delete as appropriate)</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes: Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u> Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>> The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement : Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p>

	<p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest</p>

	Manages palliative and end of life care under supervision (*FPC17)			
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)			
	Demonstrates leadership skills (*FPC8)			
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)			
	Recognises and works within limits of personal competence (*FPC18)			
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)			
	Demonstrates engagement in career planning (*FPC5)			
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework', other professional guidance and statutory legal requirements	Acts professionally (*FPC1)			
	Delivers patient centred care and maintains trust (*FPC2)			
	Behaves in accordance with ethical and legal requirements (*FPC3)			
	Makes patient safety a priority in clinical practice (*FPC19)			
	Contributes to quality improvement (*FPC20)			
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)			

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

	<p>organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

		Please tick ✓		
Section	Outcome	Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		✓	
	Manages palliative and end of life care under supervision (*FPC17)	✓		
	Works effectively as a team member (*FPC7)	✓		

Trainee has established themselves as a member of the health care team	Demonstrates leadership skills (*FPC8)	√		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

Cross cover other teams for F1s on annual leave/sick etc One day a week on call (8am-8.30pm) clerking any new admissions and initial management (except those weeks on nights) Handover at 8.00 pm.

	<p>2 sets of weekend nights (3 nights) 8pm – 8.30am (handover at 8.00 am)</p> <p>2 sets of week nights (4 nights). 8pm-8.30am (handover at 8.00 am). Covering 2 general surgery wards (assessing acutely unwell, fluids, drug charts etc)</p> <p>2 sets of weekend days on call 8am-8pm</p> <p>Mon to Thu nights are followed by zero hours on Fri and off on Sat + Sun</p> <p>Fri to Sun nights are followed by zero hours on Mon + Tue</p> <p>Weekday SAU and Long Days – a zero hours' day on previous or following day</p> <p>Depending on which line of the rota the doctors are placed they may do slightly less or more SAU or long days as they follow a 1:10 rota and approximately 18 weeks for each rotation.</p> <p>FY1s are expected to attend a minimum of 2 x Theatre session and 2 x Outpatient sessions in a 4-month rotation.</p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>See above</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes: Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u> Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>></p>

	<p>The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement : Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate</p>

	<p>care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	x		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	x		

	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	x		
	Requests relevant investigations and acts upon results (*FPC12)	x		
	Prescribes safely (*FPC13)	x		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		x	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		x	
	Manages palliative and end of life care under supervision (*FPC17)		x	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	x		
	Demonstrates leadership skills (*FPC8)		x	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	x		
	Recognises and works within limits of personal competence (*FPC18)	x		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	x		
	Demonstrates engagement in career planning (*FPC5)		x	
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	x		
	Delivers patient centred care and maintains trust (*FPC2)	x		
	Behaves in accordance with ethical and legal requirements (*FPC3)	x		
	Makes patient safety a priority in clinical practice (*FPC19)	x		
	Contributes to quality improvement (*FPC20)		x	
	Performs procedures safely (*FPC14)	x		

Is competent to perform the core procedures mandated by the General Medical Council (GMC)				
<i>*Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training</i>

<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate</p>

	<p>care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

*relates to abbreviated numbered Foundation Programme outcome

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	x		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	x		

	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	x		
	Requests relevant investigations and acts upon results (*FPC12)	x		
	Prescribes safely (*FPC13)	x		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		x	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		x	
	Manages palliative and end of life care under supervision (*FPC17)		x	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	x		
	Demonstrates leadership skills (*FPC8)		x	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	x		
	Recognises and works within limits of personal competence (*FPC18)	x		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	x		
	Demonstrates engagement in career planning (*FPC5)		x	
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	x		
	Delivers patient centred care and maintains trust (*FPC2)	x		
	Behaves in accordance with ethical and legal requirements (*FPC3)	x		
	Makes patient safety a priority in clinical practice (*FPC19)	x		
	Contributes to quality improvement (*FPC20)		x	
Is competent to perform the core procedures	Performs procedures safely (*FPC14)	x		

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

mandated by the General Medical Council (GMC)				
<i>*Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training</i>

***Rota via Trust Medical Staffing**

Working pattern:

Basic hours only / Full shift / On-call rota (delete as appropriate)

Rota Template:

Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:

Normal days

Long days

Night shifts

Weekend shifts

On-call duties

(Delete any that do not apply)

A copy of your rota template is attached to the end of this document

to be appended

Average Weekly Hours of Work: to insert

Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours

You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>>

The distribution of these will be as follows:

Average weekly hours at basic hourly rate:

Average weekly hours attracting a 37% enhancement:

Note: these figures are the *average weekly hours*, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.

Annual pay for role* (select elements as appropriate)

Basic Pay (Nodal Point):

Pay for additional hours above 40:

Enhanced pay at 37% rate:

Weekend allowance:

On-call availability supplement:

Flexible Pay Premia

Total pensionable pay: <<insert cash amount>>

Total non-pensionable pay: <<insert cash amount>>

Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing

Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.

*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or

	more additional pay protection elements so as to maintain your salary at its protected level.

Basic hours only / Full shift / On-call rota (delete as appropriate)

Rota Template:

Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:

Normal days

Long days

Night shifts

Weekend shifts

On-call duties

(Delete any that do not apply)

A copy of your rota template is attached to the end of this document

to be appended

Average Weekly Hours of Work: to insert

Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours

You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>>

The distribution of these will be as follows:

Average weekly hours at basic hourly rate:

Average weekly hours attracting a 37% enhancement:

Note: these figures are the *average weekly hours*, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.

Annual pay for role* (select elements as appropriate)

Basic Pay (Nodal Point):

Pay for additional hours above 40:

Enhanced pay at 37% rate:

Weekend allowance:

On-call availability supplement:

Flexible Pay Premia

Total pensionable pay: <<insert cash amount>>

Total non-pensionable pay: <<insert cash amount>>

Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing

Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.

*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or

	more additional pay protection elements so as to maintain your salary at its protected level.
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical</p>

	School, from Kings and elsewhere, and encourage you to develop your teaching skills.

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: *Not at all*

Amber: *To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)*

Green: *To a great extent/ample opportunities*

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)	✓		
	Works effectively as a team member (*FPC7)	✓		

Trainee has established themselves as a member of the health care team	Demonstrates leadership skills (*FPC8)	√		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunity

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		✓	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		✓	
	Manages palliative and end of life care under supervision (*FPC17)	✓		

Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	√		
	Demonstrates leadership skills (*FPC8)		√	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)			
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)		√	
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

**Foundation Programme
Individual Placement Descriptor***

Trust	East Sussex Healthcare NHS Trust
Site	Eastbourne District General Hospital
Trainee Information System (TIS) Post Code (and local post number if known)	KSS/RXC02/018/F1/002 Rotation 1. 19/KSS/RXC02/F1/018, Rotation 2. 19/KSS/RXC02/F1/017, Rotation 3. 19/KSS/RXC02/F1/015
Placement details (i.e. the specialty and sub-specialty)	General (Internal) Medicine (Gastroenterology)
Department	3 Consultants, 1 CT1, 1 CT2, SpR, 1 F1 and 1 F2. Cuckmere Ward
Type of work to expect and learning opportunities	<p>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm</p> <p>Gastro team meetings: mix of IBD, M and M, radiology. Mondays at 4 pm.</p> <p>Foundation Programme Core Topics: FY1 Tuesdays (1.00 - 2.00 pm) at EDGH (workshop once per month 2.00 - 5.00 pm)</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p>
Where the placement is based	Eastbourne District General Hospital
Clinical supervisor(s) for the placement	Dr D Neal
Main duties of the placement	<p>As above.</p> <p>The F1 doctor is responsible with other staff for the ward care of patients and the maintenance of the patient's medical record. They will have opportunity to work with the consultants in outpatients' clinics on an ad hoc basis depending on how busy the ward is. They are expected to attend the structured teaching programmes provided by the department. The doctor will be responsible for such other specific clinical duties as allocated by consultants including performing other duties in occasional emergencies and unforeseen circumstances.</p> <p>The only F1 on team. General medical tasks, most patients are a mix of general medicine and gastro; GI bleeds and decompensated liver disease. Ascitic drains and taps, clinic and endoscopy attendance is encouraged but opportunities depend on workload. High number of elective attenders for ERCP and endoscopy. Usually busy in terms of patient numbers</p>

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

	<p>(20-40 patients generally). You work for four consultants, who do one month on the wards in rotation. We have a larger team of juniors, with F1, F2, two CT grade doctors and one or two registrars. The overall educational objectives of the F1 year are:</p> <p>Take a history and examine a patient Identify and synthesise problems Prescribe safely Keep an accurate and relevant medical record Manage time and clinical priorities effectively Communicate effectively with patients, relative and colleagues Use evidence, guidelines and audit to benefit patient care Act in a professional manner at all times Cope with ethical and legal issues which occur during the management of patients with general medical problems Educate patients effectively Become life-long learners and teachers</p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>0900 – 17.00 Daily</p> <p>Mon: 0900 Consultant Ward Round Afternoon Ward Work 1230 – 1400 Grand Round</p> <p>Tues: AM SpR / SHO Ward Round PM Ward Work 1300 – 1400 F1 Teaching</p> <p>Wed: 8.45 – 5.00 0900: Consultant ward round Afternoon ward work</p> <p>Thurs: 0900 SHO/SpR ward round Afternoon Ward Work</p> <p>Fri: 1030 Consultant Ward Round Afternoon ward work</p> <p>On call requirements: 1 day a week until 2100 handover, lasts 30 minutes. Typically leave at 2130. One weekend in 5, plus one weekend in 10 Saturday morning for post-take ward round 0830-1400.</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template:</p>

	<p>Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:</p> <p>Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply)</p> <p>A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u></p> <p>Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours</p> <p>You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>></p> <p>The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement : Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

*relates to abbreviated numbered Foundation Programme outcome

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)		✓	
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)		✓	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	✓		
	Demonstrates leadership skills (*FPC8)		✓	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	✓		
	Recognises and works within limits of personal competence (*FPC18)	✓		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	✓		
	Demonstrates engagement in career planning (*FPC5)	✓		
	Acts professionally (*FPC1)	✓		

Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)		√	

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

***Rota via Trust Medical Staffing**

Working pattern:
Basic hours only / Full shift /On-call rota (delete as appropriate)

Rota Template:
Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:
Normal days
Long days
Night shifts
Weekend shifts
On-call duties
(Delete any that do not apply)
A copy of your rota template is attached to the end of this document
to be appended

Average Weekly Hours of Work: to insert
Your contract is a full-time / less-than-full-time (delete as appropriate)
contract for <<Insert number up to a maximum of 40>> hours
You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>>
The distribution of these will be as follows:
Average weekly hours at basic hourly rate:
Average weekly hours attracting a 37% enhancement:
Note: these figures are the *average weekly hours*, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.

Annual pay for role* (select elements as appropriate)

Basic Pay (Nodal Point):
Pay for additional hours above 40:
Enhanced pay at 37% rate:
Weekend allowance:
On-call availability supplement:
Flexible Pay Premia

Total pensionable pay: <<insert cash amount>>
Total non-pensionable pay: <<insert cash amount>>

	<p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. ***Rota via Trust Medical Staffing**

Working pattern:
Basic hours only / Full shift /On-call rota (delete as appropriate)

Rota Template:
Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:
Normal days
Long days
Night shifts
Weekend shifts
On-call duties
(Delete any that do not apply)
A copy of your rota template is attached to the end of this document to be appended

Average Weekly Hours of Work: to insert
Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours
You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>>
The distribution of these will be as follows:
Average weekly hours at basic hourly rate:
Average weekly hours attracting a 37% enhancement:
Note: these figures are the *average weekly hours*, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.

Annual pay for role* (select elements as appropriate)

Basic Pay (Nodal Point):
Pay for additional hours above 40:
Enhanced pay at 37% rate:
Weekend allowance:
On-call availability supplement :
Flexible Pay Premia

Total pensionable pay: <<insert cash amount>>
Total non-pensionable pay: <<insert cash amount>>

Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing

	<p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries. The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

*relates to abbreviated numbered Foundation Programme outcome

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)	✓		
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	✓		
	Demonstrates leadership skills (*FPC8)	✓		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	✓		
	Recognises and works within limits of personal competence (*FPC18)	✓		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	✓		
	Demonstrates engagement in career planning (*FPC5)	✓		
	Acts professionally (*FPC1)	✓		

Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

Trainee Information System (TIS) Post Code (and local post number if known)	KSS/RXC01/052/F1/003 Rotation 1. 19/KSS/RXC01/F1/013, Rotation 2 . 19/KSS/RXC01/F1/014, Rotation 3. 19/KSS/RXC01/F1/015
Placement details (i.e. the specialty and sub-specialty)	Psychiatry
Department	Department of Psychiatry, Eastbourne DGH BN21 2UD.
Type of work to expect and learning opportunities	<p>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm</p> <p>Tuesdays (1.00 - 2.00 pm) at Conquest - lunch at 12.30 pm</p> <p>Foundation Programme Core Topics:</p> <p>FY1 Tuesdays (1.00 - 2.00 pm) at EDGH (workshop once per month 2.00 - 5.00 pm)</p> <p>FY1 Wednesdays (1.00 - 2.00 pm) at Conquest (workshop once per month)</p> <p>All FY1s from August 2017 in Psychiatry will have a morning in an acute setting so will spend Tuesday morning in MAU at the Eastbourne DGH.</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p> <p>SPT Wednesday Academic Programme – Foundation doctors are expected to present a case or critical appraisal to at least one meeting in their rotation' in Psychiatry</p>
Where the placement is based	Department of Psychiatry, Eastbourne DGH
Clinical supervisor(s) for the placement	Dr Michele Travers, Consultant Psychiatrist
Main duties of the placement	This will involve providing medical input to the team under the clinical supervision of the Consultant Psychiatrist.

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

	<p>There is ample opportunity to be involved under the clinical supervision of the consultant in assessment of in-patients in the department.</p> <p>This post is under the clinical supervision of Dr Michele Travers Consultant Psychiatrist.</p> <p>The office base for this post is at the DoP on the same site as Eastbourne DGH. The post holder will not have any out-of-hours responsibility.</p> <p>The trainee will work within a multidisciplinary team consisting of a Consultant Psychiatrist, a nursing team, social workers, occupational therapists and supporting staff including admin. The post therefore offers excellent opportunities to gain experience working in a multidisciplinary setting with colleagues from a number of different professional backgrounds. In addition, trainees will be exposed to the complex, acute treatment of psychiatric patients. This includes the assessment of acutely ill patients, developing differential diagnoses, the use of medications and therapeutic interventions, risks assessments, documentation procedures, appreciating the role of physical illnesses, the process of ordering tests/labs/radiologic procedures and their follow-up, treatment care planning, collaborating with colleagues/carers/families, and how to use the referral process. Trainees will also be able to develop an appreciation for the interface between mental health law and psychiatry.</p>

<p>Useful information:</p> <ul style="list-style-type: none"> All trainees are required to present to the academic teaching on Wednesdays through presenting cases and research as per rota which would be provided. Trainees will be expected to attend Foundation Year training on a Tuesday unless they are presenting on the day to the psychiatric programme Weekly supervision will be provided Arrangements can be made for further special interest activity with the agreement of the clinical supervisor. <p>Enjoy this rotation</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes: Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: 40 Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>> The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions</p>						

	<p>of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement: Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p>

	<p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		✓	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		

	Manages palliative and end of life care under supervision (*FPC17)	√		
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	√		
	Demonstrates leadership skills (*FPC8)	√		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: *Not at all*

Amber: *To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)*

Green: *To a great extent/ample opportunities*

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)			
	Recognises, assesses and manages patients with long term conditions (*FPC10)			
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)			
	Requests relevant investigations and acts upon results (*FPC12)			
	Prescribes safely (*FPC13)			
	Is trained and initiates management of cardiac			

	and respiratory arrest (*FPC15)			
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)			
	Manages palliative and end of life care under supervision (*FPC17)			
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)			
	Demonstrates leadership skills (*FPC8)			
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)			
	Recognises and works within limits of personal competence (*FPC18)			
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)			
	Demonstrates engagement in career planning (*FPC5)			
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)			
	Delivers patient centred care and maintains trust (*FPC2)			
	Behaves in accordance with ethical and legal requirements (*FPC3)			
	Makes patient safety a priority in clinical practice (*FPC19)			
	Contributes to quality improvement (*FPC20)			
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)			

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	x		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	x		

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	x		
	Requests relevant investigations and acts upon results (*FPC12)	x		
	Prescribes safely (*FPC13)	x		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		x	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		x	
	Manages palliative and end of life care under supervision (*FPC17)		x	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	x		
	Demonstrates leadership skills (*FPC8)		x	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	x		
	Recognises and works within limits of personal competence (*FPC18)	x		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	x		
	Demonstrates engagement in career planning (*FPC5)		x	
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	x		
	Delivers patient centred care and maintains trust (*FPC2)	x		
	Behaves in accordance with ethical and legal requirements (*FPC3)	x		
	Makes patient safety a priority in clinical practice (*FPC19)	x		
	Contributes to quality improvement (*FPC20)		x	
	Performs procedures safely (*FPC14)	x		

Is competent to perform the core procedures mandated by the General Medical Council (GMC)				
--	--	--	--	--

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	x		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	x		

	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	x		
	Requests relevant investigations and acts upon results (*FPC12)	x		
	Prescribes safely (*FPC13)	x		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		x	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		x	
	Manages palliative and end of life care under supervision (*FPC17)		x	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	x		
	Demonstrates leadership skills (*FPC8)		x	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	x		
	Recognises and works within limits of personal competence (*FPC18)	x		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	x		
	Demonstrates engagement in career planning (*FPC5)		x	
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	x		
	Delivers patient centred care and maintains trust (*FPC2)	x		
	Behaves in accordance with ethical and legal requirements (*FPC3)	x		
	Makes patient safety a priority in clinical practice (*FPC19)	x		
	Contributes to quality improvement (*FPC20)		x	
Is competent to perform the core procedures	Performs procedures safely (*FPC14)	x		

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

mandated by the General Medical Council (GMC)				
<i>*Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training</i>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunity

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		✓	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		✓	
	Manages palliative and end of life care under supervision (*FPC17)	✓		

Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	√		
	Demonstrates leadership skills (*FPC8)		√	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)			
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)		√	
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

**Foundation Programme
Individual Placement Descriptor***

Trust	East Sussex Healthcare NHS Trust
Site	Eastbourne District General Hospital
Trainee Information System (TIS) Post Code (and local post number if known)	KSS/RXC02/018/F1/002 Rotation 1. 19/KSS/RXC02/F1/018, Rotation 2. 19/KSS/RXC02/F1/017, Rotation 3. 19/KSS/RXC02/F1/015
Placement details (i.e. the specialty and sub-specialty)	General (Internal) Medicine (Gastroenterology)
Department	3 Consultants, 1 CT1, 1 CT2, SpR, 1 F1 and 1 F2. Cuckmere Ward
Type of work to expect and learning opportunities	<p>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm</p> <p>Gastro team meetings: mix of IBD, M and M, radiology. Mondays at 4 pm.</p> <p>Foundation Programme Core Topics: FY1 Tuesdays (1.00 - 2.00 pm) at EDGH (workshop once per month 2.00 - 5.00 pm)</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p>
Where the placement is based	Eastbourne District General Hospital
Clinical supervisor(s) for the placement	Dr D Neal
Main duties of the placement	<p>As above.</p> <p>The F1 doctor is responsible with other staff for the ward care of patients and the maintenance of the patient's medical record. They will have opportunity to work with the consultants in outpatients' clinics on an ad hoc basis depending on how busy the ward is. They are expected to attend the structured teaching programmes provided by the department. The doctor will be responsible for such other specific clinical duties as allocated by consultants including performing other duties in occasional emergencies and unforeseen circumstances.</p> <p>The only F1 on team. General medical tasks, most patients are a mix of general medicine and gastro; GI bleeds and decompensated liver disease. Ascitic drains and taps, clinic and endoscopy attendance is encouraged but opportunities depend on workload. High number of elective attenders for ERCP and endoscopy. Usually busy in terms of patient numbers</p>

	<p>(20-40 patients generally). You work for four consultants, who do one month on the wards in rotation. We have a larger team of juniors, with F1, F2, two CT grade doctors and one or two registrars. The overall educational objectives of the F1 year are:</p> <p>Take a history and examine a patient Identify and synthesise problems Prescribe safely Keep an accurate and relevant medical record Manage time and clinical priorities effectively Communicate effectively with patients, relative and colleagues Use evidence, guidelines and audit to benefit patient care Act in a professional manner at all times Cope with ethical and legal issues which occur during the management of patients with general medical problems Educate patients effectively Become life-long learners and teachers</p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>0900 – 17.00 Daily</p> <p>Mon: 0900 Consultant Ward Round Afternoon Ward Work 1230 – 1400 Grand Round</p> <p>Tues: AM SpR / SHO Ward Round PM Ward Work 1300 – 1400 F1 Teaching</p> <p>Wed: 8.45 – 5.00 0900: Consultant ward round Afternoon ward work</p> <p>Thurs: 0900 SHO/SpR ward round Afternoon Ward Work</p> <p>Fri: 1030 Consultant Ward Round Afternoon ward work</p> <p>On call requirements: 1 day a week until 2100 handover, lasts 30 minutes. Typically leave at 2130. One weekend in 5, plus one weekend in 10 Saturday morning for post-take ward round 0830-1400.</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template:</p>

	<p>Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes:</p> <p>Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply)</p> <p>A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u></p> <p>Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours</p> <p>You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>></p> <p>The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement : Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
--	--

<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		✓	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)	✓		
	Works effectively as a team member (*FPC7)	✓		
Trainee has established themselves as a member of the health care team	Demonstrates leadership skills (*FPC8)		✓	
	Communicates clearly in a variety of settings (*FPC6)	✓		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Recognises and works within limits of personal competence (*FPC18)	✓		

Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)		√	
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries. The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

*relates to abbreviated numbered Foundation Programme outcome

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)	✓		
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	✓		
	Demonstrates leadership skills (*FPC8)	✓		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	✓		
	Recognises and works within limits of personal competence (*FPC18)	✓		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	✓		
	Demonstrates engagement in career planning (*FPC5)	✓		
	Acts professionally (*FPC1)	✓		

Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

**Foundation Programme
Individual Placement Descriptor***

Trust	East Sussex Healthcare NHS Trust
Site	Department of Psychiatry, Eastbourne DGH
Trainee Information System (TIS) Post Code (and local post number if known)	KSS/RXC01/052/F1/003 Rotation 1. 19/KSS/RXC01/F1/013, Rotation 2 . 19/KSS/RXC01/F1/014, Rotation 3. 19/KSS/RXC01/F1/015
Placement details (i.e. the specialty and sub-specialty)	Psychiatry
Department	Department of Psychiatry, Eastbourne DGH BN21 2UD.
Type of work to expect and learning opportunities	<p>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm</p> <p>Tuesdays (1.00 - 2.00 pm) at Conquest - lunch at 12.30 pm</p> <p>Foundation Programme Core Topics:</p> <p>FY1 Tuesdays (1.00 - 2.00 pm) at EDGH (workshop once per month 2.00 - 5.00 pm)</p> <p>FY1 Wednesdays (1.00 - 2.00 pm) at Conquest (workshop once per month)</p> <p>All FY1s from August 2017 in Psychiatry will have a morning in an acute setting so will spend Tuesday morning in MAU at the Eastbourne DGH.</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p> <p>SPT Wednesday Academic Programme – Foundation doctors are expected to present a case or critical appraisal to at least one meeting in their rotation' in Psychiatry</p>
Where the placement is based	Department of Psychiatry, Eastbourne DGH
Clinical supervisor(s) for the placement	Dr Michele Travers, Consultant Psychiatrist
Main duties of the placement	This will involve providing medical input to the team under the clinical supervision of the Consultant Psychiatrist.

	<p>There is ample opportunity to be involved under the clinical supervision of the consultant in assessment of in-patients in the department.</p> <p>This post is under the clinical supervision of Dr Michele Travers Consultant Psychiatrist.</p> <p>The office base for this post is at the DoP on the same site as Eastbourne DGH. The post holder will not have any out-of-hours responsibility.</p> <p>The trainee will work within a multidisciplinary team consisting of a Consultant Psychiatrist, a nursing team, social workers, occupational therapists and supporting staff including admin. The post therefore offers excellent opportunities to gain experience working in a multidisciplinary setting with colleagues from a number of different professional backgrounds. In addition, trainees will be exposed to the complex, acute treatment of psychiatric patients. This includes the assessment of acutely ill patients, developing differential diagnoses, the use of medications and therapeutic interventions, risks assessments, documentation procedures, appreciating the role of physical illnesses, the process of ordering tests/labs/radiologic procedures and their follow-up, treatment care planning, collaborating with colleagues/carers/families, and how to use the referral process. Trainees will also be able to develop an appreciation for the interface between mental health law and psychiatry.</p>

These may not represent your actual hours of work in any given week. Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point): Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement: Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of</p>

	<p>which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: Not at all

Amber: To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green: To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

		Please tick ✓		
Section	Outcome	Green	Amber	Red

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	√		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	√		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	√		
	Requests relevant investigations and acts upon results (*FPC12)	√		
	Prescribes safely (*FPC13)	√		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	√		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	√		
	Manages palliative and end of life care under supervision (*FPC17)	√		
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	√		
	Demonstrates leadership skills (*FPC8)	√		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		

in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

*It is important to note that this description is a typical example of the placement and may be subject to change.

<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the</p>

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

	<p>patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	x		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	x		
	Obtains history, performs clinical examination, formulates differential diagnosis and	x		

	management plan (*FPC11)			
	Requests relevant investigations and acts upon results (*FPC12)	x		
	Prescribes safely (*FPC13)	x		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)		x	
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)		x	
	Manages palliative and end of life care under supervision (*FPC17)		x	
Trainee has established themselves as a member of the health care team	Works effectively as a team member (*FPC7)	x		
	Demonstrates leadership skills (*FPC8)		x	
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	x		
	Recognises and works within limits of personal competence (*FPC18)	x		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	x		
	Demonstrates engagement in career planning (*FPC5)		x	
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	x		
	Delivers patient centred care and maintains trust (*FPC2)	x		
	Behaves in accordance with ethical and legal requirements (*FPC3)	x		
	Makes patient safety a priority in clinical practice (*FPC19)	x		
	Contributes to quality improvement (*FPC20)		x	
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	x		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Foundation Programme FY1 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY1 in this post:

KEY

Red: *Not at all*

Amber: *To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)*

Green: *To a great extent/ample opportunities*

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick ✓		
		Green	Amber	Red
Trainee has worked effectively to establish themselves in clinical practice in their role as a doctor in training	Recognises, assesses and initiates management of the acutely ill patient (*FPC9)	✓		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	✓		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan (*FPC11)	✓		
	Requests relevant investigations and acts upon results (*FPC12)	✓		
	Prescribes safely (*FPC13)	✓		
	Is trained and initiates management of cardiac and respiratory arrest (*FPC15)	✓		
	Demonstrates understanding of the principles of health promotion and illness prevention (*FPC16)	✓		
	Manages palliative and end of life care under supervision (*FPC17)	✓		
	Works effectively as a team member (*FPC7)	✓		

Trainee has established themselves as a member of the health care team	Demonstrates leadership skills (*FPC8)	√		
Trainee has been able to adapt their practice to suit the clinical setting in each placement	Communicates clearly in a variety of settings (*FPC6)	√		
	Recognises and works within limits of personal competence (*FPC18)	√		
Trainee has demonstrated their ability to learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		
Trainee has demonstrated the knowledge, skills and behaviours necessary to apply the professional duties, principles and responsibilities set out in 'Good Medical Practice', the 'Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Is competent to perform the core procedures mandated by the General Medical Council (GMC)	Performs procedures safely (*FPC14)	√		

**Satisfactory completion of FY1 will lead to the award of a Foundation Year 1 certificate of completion (F1CC) which allows the South Thames Foundation School to recommend to the GMC that the foundation doctor be granted full registration and the trainee then becomes eligible to progress into FY2 training*

Where the placement is based	Conquest Hospital		
Clinical supervisor(s) for the placement	Dr R Gerber / Dr K Dickinson		
Main duties of the placement	Mon: 08:00 to 17:00-18:00. Ward round and ward jobs subsequently. Often consultants give bedside teaching if they do ward rounds. There is a consultant ward round of CCU and the new patients every day. X-ray meeting on Mondays from 08:30-09:30 Tues: 08:00 to 17:00-18:00. Ward round and ward jobs subsequently. Echo meeting 8.30 – 9.30 am Wed: On call every other Wednesday 08:30 until 21:30. Clerking acute admissions in A&E or GP referrals in MAU. Practically the on call usually starts from midday and there is a ward round and ward jobs in the morning.		

	<p>Thurs: CCU ward round starts at 08:00. Post take ward round from 09:00 every other week after being on call. Ward jobs in the morning. Every other week SHO cardiology clinic on Thursday afternoons. These are a good learning opportunity. There is always someone to ask if you get stuck and the consultants are very approachable. MDT alternate weeks 8.30 – 9.30.</p> <p>Fri: Again ward round and ward jobs. There are 4 consultants in cardiology who do a ward round of their patients at least once a week. Journal club and lunchtime teaching 1.00 – 2.00 pm.</p> <p>Sat: Weekend on call is from 08:30-21:30. Clerking acute admissions in A&E or GP referrals in MAU. If there is time, help the FY1 on the wards as well.</p> <p>Sun: Weekend on call is from 08:30-21:30. Clerking acute admissions in A&E or GP referrals in MAU. If there is time, help the FY1 on the wards as well.</p> <p>Mon: When on call, given either the Monday or the Tuesday off. The rest is as above. There are opportunities to observe procedures in the cardiac catheterisation lab. There are also opportunities to watch echos and other diagnostic tests if desired. The consultants are very keen to teach.</p> <p><i>On call requirements: 1 in 6</i></p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>Mon: Consultant Ward Round AM 1230-1400 Grand Round</p> <p>Tues: Ward Round with Registrar and CTs 12.00-1300 Elderly Care Tutorial / Journal Club 1300-1400 F1 Teaching</p> <p>Wed: Ward Round with Consultant MDT Ward Work under supervision by senior members</p> <p>Thurs: Consultant Ward round AM Ward teaching consultant /registrar/CTs</p> <p>Fri: Ward Round with consultant</p> <p>Be an observer at a TIA clinic held on the ward clinic on the afternoon of Tuesday/Wednesday/Thursday/ Friday.</p>

	<p>salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School,</p>

	from Kings and elsewhere, and encourage you to develop your teaching skills.

Foundation Programme FY2 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY2 in this post, in addition to the performance expected in FY1:

KEY

Red: *Not at all*

Amber: *To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)*

Green: *To a great extent/ample opportunities*

**relates to abbreviated numbered Foundation Programme outcome*

Section	Outcome	Please tick <input type="checkbox"/>		
		Green	Amber	Red
Trainee has taken additional responsibility for decision making in clinical practice	Recognises, assesses and manages the acutely ill patient until senior help is required or available (*FPC9)			
	Recognises, assesses and manages patients with long term conditions (*FPC10)			
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan in increasingly complex situations (*FPC11)			
	Requests relevant investigations and acts upon results (*FPC12)			
	Is trained and manages cardiac and respiratory arrest (*FPC15)			
	Demonstrates and teaches an understanding of the principles of health promotion and illness prevention (*FPC16)			
	Manages palliative and end of life care under supervision (*FPC17)			
Trainee has started to develop a leadership role within the healthcare team	Works effectively as a team member in differing roles(*FPC7)			
	Demonstrates increasing leadership skills (*FPC8)			
Trainee has been able to adapt practice to new	Communicates clearly in a variety of settings (*FPC6)			

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

clinical settings with new challenges e.g. outpatient clinics	Prescribes safely in differing environments (*FPC13)			
	Recognises and works within limits of personal competence in areas where support is less readily available (*FPC18)			
Trainee has demonstrated the ability to teach as well as learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)			
	Demonstrates engagement in career planning (*FPC5)			
Trainee has demonstrated (and taught to others) a progressive increase in knowledge, skills and behaviours applied across the professional duties, principles and responsibilities set in accordance with 'Good Medical Practice, Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements'	Acts professionally (*FPC1)			
	Delivers patient centred care and maintains trust (*FPC2)			
	Behaves in accordance with ethical and legal requirements (*FPC3)			
	Makes patient safety a priority in clinical practice (*FPC19)			
	Contributes to quality improvement (*FPC20)			
Trainee has increased their ability to perform the core procedures mandated by the General Medical Council (GMC) e.g. can perform them in more challenging circumstances and has increased the scope of procedures they are able to perform	Performs an increasing range of procedures safely (*FPC14)			

**Satisfactory completion of FY2 will lead to the award of a Foundation Programme Certificate of Completion (FPCC) which indicates that the foundation doctor is ready to enter a core, specialty or general practice training programme*

*It is important to note that this description is a typical example of the placement and may be subject to change.

Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p>

	<p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

Foundation Programme FY2 Curriculum Mapped Outcomes 2016/17

The 20 'foundation professional capabilities' in the syllabus reflect key generic aspects of professional and clinical medical practice i.e. the required educational **outcomes** of the foundation programme training as follows for FY2 in this post, in addition to the performance expected in FY1:

KEY

Red:

Not at all

Amber:

To some extent/limited opportunities (please note that this may be a positive or negative recording e.g. positive in that you may be able to experience this outcome)

Green:

To a great extent/ample opportunities

**relates to abbreviated numbered Foundation Programme outcome*

		Please tick ✓		
Section	Outcome	Green	Amber	Red

Trainee has taken additional responsibility for decision making in clinical practice	Recognises, assesses and manages the acutely ill patient until senior help is required or available (*FPC9)	√		
	Recognises, assesses and manages patients with long term conditions (*FPC10)	√		
	Obtains history, performs clinical examination, formulates differential diagnosis and management plan in increasingly complex situations (*FPC11)	√		
	Requests relevant investigations and acts upon results (*FPC12)	√ <i>Requests relevant investigations</i>	√ <i>Acts upon results</i>	
	Is trained and manages cardiac and respiratory arrest (*FPC15)	√		
	Demonstrates and teaches an understanding of the principles of health promotion and illness prevention (*FPC16)	√		
	Manages palliative and end of life care under supervision (*FPC17)	√		
Trainee has started to develop a leadership role within the healthcare team	Works effectively as a team member in differing roles(*FPC7)	√		
	Demonstrates increasing leadership skills (*FPC8)	√		
Trainee has been able to adapt practice to new clinical settings with new challenges e.g. outpatient clinics	Communicates clearly in a variety of settings (*FPC6)	√		
	Prescribes safely in differing environments (*FPC13)	√		
	Recognises and works within limits of personal competence in areas where support is less readily available (*FPC18)	√		
Trainee has demonstrated the ability to teach as well as learn in the workplace	Keeps practice up to date through learning and teaching (*FPC4)	√		
	Demonstrates engagement in career planning (*FPC5)	√		

Trainee has demonstrated (and taught to others) a progressive increase in knowledge, skills and behaviours applied across the professional duties, principles and responsibilities set in accordance with 'Good Medical Practice, Generic Professional Capabilities Framework, other professional guidance and statutory legal requirements'	Acts professionally (*FPC1)	√		
	Delivers patient centred care and maintains trust (*FPC2)	√		
	Behaves in accordance with ethical and legal requirements (*FPC3)	√		
	Makes patient safety a priority in clinical practice (*FPC19)	√		
	Contributes to quality improvement (*FPC20)	√		
Trainee has increased their ability to perform the core procedures mandated by the General Medical Council (GMC) e.g. can perform them in more challenging circumstances and has increased the scope of procedures they are able to perform	Performs an increasing range of procedures safely (*FPC14)	√		

**Satisfactory completion of FY2 will lead to the award of a Foundation Programme Certificate of Completion (FPCC) which indicates that the foundation doctor is ready to enter a core, specialty or general practice training programme*

**It is important to note that this description is a typical example of the placement and may be subject to change.*

Placement details (i.e. the specialty and sub-specialty)	Emergency Medicine
Department	<p>FY2 – the department has 4 substantive Consultants and one long term locum Consultant during 0800-1900 and there is a twilight shift from 1600-0000 covered by locum consultants. Consultant support is from 0800-0000 hours. 8 substantive middle grades providing 24 hour clinical supervision, 1 ST3, 3 GPVTS trainees and 6 FY2 doctors, as well as a full complement of nursing staff, including Emergency Nurse Practitioners</p>
Type of work to expect and learning opportunities	<p>Grand Round: Mondays (1.00 - 2.00 pm) at EDGH - lunch at 12.30 pm Tuesdays (1.00-2.00pm) at Conquest – lunch at 12.30pm</p> <p>Foundation Programme Core Topics:</p> <div style="border: 1px solid black; padding: 5px;"> Mandatory FY2 teaching takes place every Wednesday, 1.00 – 2.00 pm at Eastbourne DGH with a (monthly workshop 2-5pm) </div>

	<p>Department weekly teaching (Tuesday pm and Thursday pm) including a radiology meeting once a month</p> <p>Departmental meeting for all medical staff every Monday 1400-1410</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p>
	Eastbourne District General Hospital
Clinical supervisor(s) for the placement	Mr S Shubber / Mr U Shanker Dr L Easwaradhas / Dr S Kathirvelu / Dr Z Atesli
Main duties of the placement	<p>1st tier rota seeing all patients in the Emergency Department.</p> <p>The F2 doctor is responsible, with senior support always available on the shop-floor, for the assessment and management of patients presenting to the department and the maintenance of the patient's medical record. Patients presenting to the department are an undifferentiated workload, including Major type patients, Minor injuries and illness, with approximately 25% of all attendance are paediatric presentations. They will have opportunity to work occasionally with the consultants in outpatients' clinics and also take responsibility for problems arising. They are expected to attend the structured teaching programmes provided by the department. The doctor will be responsible for such other specific clinical duties as allocated by consultants, including performing other duties in occasional emergencies and unforeseen circumstances. The FY2 doctor will also be involved in the management of resus patients under supervision, suturing, manipulation of orthopaedic injuries, plastering and removal of foreign bodies. They are taught to use a slit lamp. In addition to paediatric patients the FY2 will be exposed to patients with mental health issues. The department sees a large cohort of elderly patients who frequently need a multidisciplinary team approach, with physiotherapy, occupational therapy and adult social care involvement to ensure safe discharge.</p> <p>The overall educational objectives of the F2 year are:</p> <p>Take a focused history and examine a patient Identify and synthesise problems Prescribe safely Keep an accurate and relevant medical record Manage time and clinical priorities effectively Communicate effectively with patients, relatives and colleagues Use evidence, guidelines and audit to benefit patient care Act in a professional manner at all times</p>

	<p>Cope with ethical and legal issues which occur during the management of patients with general medical problems</p> <p>Educate patients effectively</p> <p>Become life-long learners and teachers</p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>Mon: Working 2 weekends on, 1 off.</p> <p>Tues: Shift pattern rota circulating into</p> <p>Wed: nights. Similar job on all days.</p> <p>Thurs: Seeing mostly majors and minors</p> <p>Fri: patients.</p> <p>Sat:</p> <p>Sun: zero hours per week.</p> <p>Educational opportunities other than shop floor teaching:</p> <p>Monday: Grand Round 12.30 – 14.00</p> <p>Wednesday: 13.00-14.00 FY2 Teaching, with afternoon workshop once a month</p> <p><i>On call requirements:</i> A&E shift rota, Frequently out of hours shifts.</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes: Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u> Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>> The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement:</p>

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

Where the placement is based	Conquest Hospital																	
Clinical supervisor(s) for the placement	Dr P Cornelius, Mr G Youssef, Mr Alam, Dr D Vidler																	
Main duties of the placement	Assessment and immediate management of major and minor complaints General duties in an Emergency Dept including assessing patients with both minor and major complaints. Occasional exposure to resuscitation of acutely unwell and trauma patients. Learning opportunities include chances to apply knowledge relating to acute emergencies in most aspects of medicine, surgery and specialties. Plenty of opportunity to develop practical skills such as suturing, use of local anaesthesia and reduction and manipulation of fractures and dislocations.																	

<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>No ward rounds or clinic. All shifts involve working on the 'shop floor' with no allocation to a particular stream (i.e majors or minors)</p> <p>Shift pattern is on a rolling rota. E.g.</p> <p>Mon: 09:00 – 17:00 Tues: 08:00 – 16:00 Wed: 08:00 – 16:00 Thurs: 16:00 – 24:00 Fri: 16:00 – 24:00 Sat: 11:00 – 21:00 Sun: 11:00 – 21:00 Mon: 08:00 – 16:00 Tues: 08:00 – 16:00 Wed: 08:00 – 16:00 Thurs: 09:00 – 17:00 Fri: 09:00 – 17:00 Sat: OFF Sun: OFF</p> <p><i>No On Call requirements but is currently 1:2 weekends with both 'twilight' and overnight shifts.</i></p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of 12 weeks, and includes: Normal days – early starts, mid-morning starts, afternoon and twilight shifts Night shifts Weekend shifts (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u> Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>> The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement: Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point):</p>
---	---

	<p>Pay for additional hours above 40: Enhanced pay at 37% rate: Weekend allowance: On-call availability supplement : Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>> Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
Local education provider (LEP) / employer information	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients, who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the</p>

	<p>county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>

	<p>Department weekly teaching (Tuesday pm and Thursday pm) including a radiology meeting once a month</p> <p>Departmental meeting for all medical staff every Monday 1400-1410</p> <p>Other: Leadership Programme - 4 - 5 half-day courses over the year</p>
	Eastbourne District General Hospital
Clinical supervisor(s) for the placement	Mr S Shubber / Mr U Shanker Dr L Easwaradhas / Dr S Kathirvelu / Dr Z Atesli
Main duties of the placement	<p>1st tier rota seeing all patients in the Emergency Department.</p> <p>The F2 doctor is responsible, with senior support always available on the shop-floor, for the assessment and management of patients presenting to the department and the maintenance of the patient's medical record. Patients presenting to the department are an undifferentiated workload, including Major type patients, Minor injuries and illness, with approximately 25% of all attendance are paediatric presentations. They will have opportunity to work occasionally with the consultants in outpatients' clinics and also take responsibility for problems arising. They are expected to attend the structured teaching programmes provided by the department. The doctor will be responsible for such other specific clinical duties as allocated by consultants, including performing other duties in occasional emergencies and unforeseen circumstances. The FY2 doctor will also be involved in the management of resus patients under supervision, suturing, manipulation of orthopaedic injuries, plastering and removal of foreign bodies. They are taught to use a slit lamp. In addition to paediatric patients the FY2 will be exposed to patients with mental health issues. The department sees a large cohort of elderly patients who frequently need a multidisciplinary team approach, with physiotherapy, occupational therapy and adult social care involvement to ensure safe discharge.</p> <p>The overall educational objectives of the F2 year are:</p> <p>Take a focused history and examine a patient Identify and synthesise problems Prescribe safely Keep an accurate and relevant medical record Manage time and clinical priorities effectively Communicate effectively with patients, relatives and colleagues Use evidence, guidelines and audit to benefit patient care Act in a professional manner at all times</p>

	<p>Cope with ethical and legal issues which occur during the management of patients with general medical problems</p> <p>Educate patients effectively</p> <p>Become life-long learners and teachers</p>
<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p>	<p>Typical working pattern in this placement (e.g. ward rounds, clinics, theatre sessions)</p> <p>Mon: Working 2 weekends on, 1 off.</p> <p>Tues: Shift pattern rota circulating into</p> <p>Wed: nights. Similar job on all days.</p> <p>Thurs: Seeing mostly majors and minors</p> <p>Fri: patients.</p> <p>Sat:</p> <p>Sun: zero hours per week.</p> <p>Educational opportunities other than shop floor teaching:</p> <p>Monday: Grand Round 12.30 – 14.00</p> <p>Wednesday: 13.00-14.00 FY2 Teaching, with afternoon workshop once a month</p> <p><i>On call requirements:</i> A&E shift rota, Frequently out of hours shifts.</p> <p>*Rota via Trust Medical Staffing</p> <p>Working pattern: Basic hours only / Full shift /On-call rota (delete as appropriate)</p> <p>Rota Template: Your working pattern is arranged across a rota cycle of <<insert number>> weeks, and includes: Normal days Long days Night shifts Weekend shifts On-call duties (Delete any that do not apply) A copy of your rota template is attached to the end of this document <u>to be appended</u></p> <p>Average Weekly Hours of Work: <u>to insert</u> Your contract is a full-time / less-than-full-time (delete as appropriate) contract for <<Insert number up to a maximum of 40>> hours You will in addition be contracted for an additional <<insert number up to a maximum of 8>> hours, making for total contracted hours of <<insert sum of the above two figures>> The distribution of these will be as follows: Average weekly hours at basic hourly rate: Average weekly hours attracting a 37% enhancement:</p>

STFS is a collaboration between HE Kent, Surrey & Sussex, HE South London, Brighton & Sussex Medical School, King's College London School of Medicine & St George's University of London

	<p>Note: these figures are the <i>average weekly hours</i>, based on the length of your rota cycle, as required by Schedule 2 of the Terms and Conditions of Service. These may not represent your actual hours of work in any given week.</p> <p>Annual pay for role* (select elements as appropriate)</p> <p>Basic Pay (Nodal Point):</p> <p>Pay for additional hours above 40:</p> <p>Enhanced pay at 37% rate:</p> <p>Weekend allowance:</p> <p>On-call availability supplement :</p> <p>Flexible Pay Premia</p> <p>Total pensionable pay: <<insert cash amount>></p> <p>Total non-pensionable pay: <<insert cash amount>></p> <p>Total annual pay for this role: (Basic Pay) Confirmed via Trust Medical Staffing</p> <p>Should your placement be for less than 12 months, your pay will be pro-rated to the length of your placement.</p> <p>*Please note- if you are entitled to pay protection in line with Schedule 2 of the TCS or to transitional pay protection in line with Schedule 14 of the TCS, then your actual salary may be greater than the above figure. Where this is the case, your salary will contain one or more additional pay protection elements so as to maintain your salary at its protected level.</p>
<p>Local education provider (LEP) / employer information</p>	<p>About the Trust - Local education provider (LEP) / employer information</p> <p>We provide acute hospital and community health services for people living in East Sussex and surrounding areas.</p> <p>Our services are mainly provided from two district general hospitals, Conquest Hospital and Eastbourne DGH both of which have Emergency Departments and provide care 24 hours a day. They offer a comprehensive range of surgical, medical and maternity services supported by a full range of diagnostic and therapy services.</p> <p>At Bexhill Hospital we provide outpatients, ophthalmology, rehabilitation and intermediate care services. At Rye, Winchelsea and District Memorial Hospital we provide Outpatient and inpatient intermediate care services. At Firwood House we jointly provide, with Adult Social Care, inpatient intermediate care services. We also provide some services at Uckfield Community Hospital and Lewes Victoria Hospital. Our community staff also provide care in the patient's own home and from a number of clinics and health centres and GP surgeries.</p> <p>The role of East Sussex Healthcare NHS Trust is to provide the best possible healthcare service to patients,</p>

	<p>who come first in everything the organisation does. Medical Education work closely with our colleagues in the community, such as local GP practices, our two local Hospices, Psychiatry and Public Health - which has led to great collaborations for the benefit of our trainee placements.</p> <p>There are some 525,000 people who live in East Sussex and the Trust is one of the largest organisations in the county. We employ over 6,000 dedicated staff with an annual turnover of £365 million.</p> <p>There is a combination of urban and rural development with areas of outstanding natural beauty and of considerable historic interest. There are excellent recreational and sporting facilities in the area and good rail links to London and Brighton, and to Europe via the Channel Tunnel and Eurostar. The Trust is keen to develop its staff and postgraduate medical and nurse training takes place on both the main sites. We have medical students from Brighton & Sussex Medical School, from Kings and elsewhere, and encourage you to develop your teaching skills.</p>
