

## Return to Practice for Medical Trainees SupportTT Training day - Webinar

### Introduction

This day will be held over Zoom and will include a number of vibrant and up-to-date speakers who will refresh your core knowledge and inform you about key changes in clinical practice over the last 2-3 years. There will be a chance to network with other returning trainees, discuss other resources available and return to work confident and happy!

### Objectives

Provide key updates in core subjects to increase your confidence for returning to work and on calls, allowing you to: -

- Provide key updates in core subjects to increase your confidence for returning to work and on calls
- Review management strategies for the common presentations you will see on the ward
- Provide an opportunity to network with other returning trainees
