

## Supported Return to Training (SuppoRTT) Sim

An event organised by  
NELFT Medical Education Department

**Monday 7th June 2021**

9.30am – 12.30pm  
Via Zoom

Supported Return to Training (SuppoRTT) is a great initiative to support all trainees who are returning to training after time out of programme.

### Aims:

- Enhance confidence by refreshing knowledge and clinical skills in key areas relevant to daily work.
- Opportunities to discuss and share concerns about your return.
- Informal simulation practice, using actors, on commonly encountered clinical situations.
- Guidance to help you cope more effectively with workloads and stress.
- Accessing coaching skills for improving confidence and motivation.
